NUMBER 77.

CHURCH AND STATE.

Their Separation Discussed in the Senate.

SECTARIAN SCHOOL QUESTION.

Expressions Were General That the Government Should Entirely Abandon Denominational Schools—But Little Done With the Indian Appropriation Bill, House and Senate.

WASHINGTON, Feb. 22.—The senate devoted itself to business yesterday and would have completed the Indian appropriation bill had not an acrimonious discussion arisen on the sectarian school question. It brought out a wide range debate on the separation of church and state, in the course of which the expressions were general that the government should entirely abandon denominational schools. On a nay and yea vote, an exception was made in the case of the Indian schools at Hampton, Va., and Lincoln and Philadelphia, on the ground that they were not strictly denominational. The sectarian question was still under consideration when the senate adjourned.

During the day two of the senators-elect from the Carolinas—ex-Governor Tillman of South Carolina and Marion Butler of North Carolina—made their first appearance on the floor, and their credentials were presented for the terms beginning March 4 next.

The financial question did not come up during the day, except indirectly in a speech by Mr. Allen opposing an issue of sewer bonds for Washington, and dealing with recent financial conditions.

House Proceedings.

WASHINGTON, Feb. 22.—The house devoted most of the day to the consideration of the senate amendment to the consular and diplomatic appropriation bill, appropriating \$500,000 for the construction of a cable to the Hawaiian Islands. Messrs. Ryan, Burtlett and Sickles, Democrats of New York, spoke in favor of the amendment which was defeated by a vote of 114 to 152—16 Democrats voting for the cable. The bill was then sent to further conference.

The conference report on the bill to provide for the examination and classification of certain lands in the northern Pacific grant in Montana and Idaho, was agreed to and a short time spent in the consideration of the general deficiency bill, the last of the appropriation bills to be passed by the house.

The remainder of the day after 3:30 was devoted to eulogies on the life and public services of the late Senator Stockbridge of Michigan. Then, at 5 o'clock, as a further mark of respect, the house adjourned.

ATTORNEY MISSING.

He Left Home February 2 and Has Not Since Been Heard Of.

KANSAS CITY, Feb. 22.—Attorney Pope Higgins, one of the best known lawyers in western Missouri, has been missing since Feb. 2, and his friends and relatives believe he has been murdered. Mr. Higgins, who is 35 years old, is a member of the law firm of Higgins & Langdon, with offices in Sedalia and Sweet Springs, Mo.

On the date named the missing man left Sedalia for Kansas City to transact some business, carrying considerable money with him. He has never been seen since he left the train in this city the same day, and as he never drank or gambled it is believed he has been murdered for his money. Mr. Higgins was at one time prosecuting attorney of Pettis county, and is well known throughout the southwest.

Nonunion Men Assaulted.

ST. LOUIS, Feb. 22.—Six nonunion men employed in the spike mill at the Tudor iron works in East St. Louis, were assaulted last night by unknown parties in the Cairo Short Line yards with bricks, coal and coupling pins, and chased through a muddy slough. They were on their way to their homes in St. Louis and were passing through the Short Line yards, which adjoins the mill grounds, when they were assaulted. All were bruised or gashed more or less, and none have returned to work. The strikers deny responsibility for the affair and claim to deplore it.

Wallace May Be Lynched.

PEKIN, Ill., Feb. 22.—There is no abatement of the excitement prevailing over the attempt of Albert Wallace to exterminate the Bowby family. The victims of his insane deed lie at the point of death. Lawrence Lyman, the hired man, can scarcely survive another day. His death will be the signal for an attack on the jail in which Wallace is confined for the purpose of lynching him. Wallace is under a strong guard of determined men, armed with Winchester. Mr. and Mrs. Bowby are in great agony and may not recover.

Murder Over a Dog.

CHARLESTON, W. Va., Feb. 22.—At Cannellton last night Albert Rudder was shot and killed by John Lively and his two sons. The Livelys were quarreling with several women, when Rudder appeared. Rudder had kicked Lively's dog a few weeks ago and Lively had declared he would kill Rudder on sight. When he saw Rudder, he ordered his sons to open fire, and the three shot at once, all the bullets taking effect. The murderers are still at large.

MASSILLON, O., Feb. 22.—John McBride's illness seems to be growing more serious. He has been unable to leave the house since his arrival here, and the doctors state that he will lose the nails from toes and hands.

WINDOW GLASS MANUFACTURERS.

A New National Association Is About to Be Formed.

COLUMBUS, O., Feb. 22.—At a meeting of the Window Glass Manufacturers of the United States, held in this city yesterday, it was decided to form a new association to be known as the National Window Glass Manufacturers' association. Colonel A. L. Conger of Akron, O., was elected temporary chairman, and T. H. Johnson of Dunkirk, Ind., temporary secretary. It was decided to continue the temporary organization until the next meeting, which will be held in Pittsburgh about the middle of March. Matters pertaining to the cost of manufacturing, freight rates, etc., were discussed.

The following committee was appointed to report a plan for a permanent organization at the next meeting: James A. Chambers of Pennsylvania, chairman; Colonel A. L. Conger of Ohio, H. Sellers McKee of Pennsylvania, S. L. Modine of New Jersey, William Loeffler of Pennsylvania, T. H. Johnson of Indiana, C. W. Phillips of Pennsylvania, A. N. Bennett of New York, Walter Swindell of Maryland and S. R. Wells of Indiana. About 80 per cent of the window glass manufacturing interests were represented at the meeting.

TRAGEDY CAUSED BY JEALOUSY.

An Old Man Murders His Young Wife and Hangs Himself.

VAN WERT, O., Feb. 22.—Word has just reached here of a horrible tragedy which was committed in Mercer county Wednesday. A man by the name of Young, aged 65, living with his wife, aged 17, arose from his bed in the morning and addressing his wife said: "I am going to get the ax and kill you and the baby."

But afterward he went to work, and upon his return at noon he found his wife gone. She had been frightened, and went to her sister's. He started after her with a butcherknife, and she, seeing him, started to run, but fell in a snowdrift, and the husband plunged his knife into her breast twice. He then returned home, tore a rope from the bed and hung himself. They were both found dead within an hour. They had been married but little over a year. Jealousy is the only cause attributed for the rash act.

FASCINATION FOR FORGERY.

Isaac Rains, Alias Fox, Confesses to Forging Hundreds of Names.

CHICAGO, Feb. 22.—Isaac Rains, alias Fox, said to be the son of wealthy parents living in Philadelphia, was arrested yesterday, charged with forgery. He admitted the particular crime on which the warrant was issued, and furnished the police a long list of other people whose names he had forged. He promised to think up others, and said the number of his forgeries in Chicago alone would amount to fully 100. He also admitted having committed a number of forgeries in Boston, New York, Philadelphia and other eastern cities.

Rains declared that he had a passion for forgery, and that although his parents had spent much money in covering up his crimes and trying to reform him, he was unable to resist the fascination of committing forgery. All his forgeries in this city were for small amounts, but skillfully executed.

THERE WILL BE NO WAR.

Mexico and Guatemala Have Almost Settled Their Differences.

GUATEMALA, Feb. 22.—Reliable information received at the foreign and war departments say that it is certain that some sort of a settlement has been reached in the Mexico-Guatemala negotiations, and though the conference between Mariscal and DeLeon continues in the City of Mexico, they are only discussing minor details. It can not be learned upon what basis a settlement has been reached, though several high officials claim that it is a positive fact that there will be no war just now.

Everything is quiet along the border and the discipline among the troops on both sides of the frontier is excellent and there is no reason to fear that any act of imprudence of the soldiers of either army will provoke a conflict.

Snow Blockades in Michigan.

DETROIT, Feb. 22.—Heavy snow blockades are still reported from western and northern Michigan. At Potosky no Chicago and Western Michigan trains have arrived for 24 hours, and the Grand Rapids and Indiana trains were all delayed. At Mackinac the Michigan Central is blocked, and the trains on other roads badly delayed. The first train on the Grand Rapids and Indiana road to reach Muskegon since Wednesday noon arrived there from Grand Rapids at 4:30 yesterday afternoon. The train had left Grand Rapids at 5:40 p. m. Wednesday, and became stalled nine miles from Muskegon. The passengers' food supply became decidedly scant during their delay.

Schooners Probably Lost.

PHILADELPHIA, Feb. 22.—The schooner John M. Moore, Captain Dingby, from Brunswick for Philadelphia, with a crew of eight men, and the schooner Joel P. Shepard, Captain Daniels, from Philadelphia for Norfolk via Boston, with a crew of seven men, are now believed to have foundered at sea with all hands. Great uneasiness now prevails regarding the whereabouts of Captain Dalling and crew of the Philadelphia schooner Maggie Dalling, which was abandoned and waterlogged on Feb. 13 in latitude 33, longitude 75.

The Gas Gone.

URBANA, O., Feb. 22.—People awoke yesterday morning to find their natural gas gone. Superintendent Pearce can not account for it, unless there was a break in the pipe.

STRIKE NOT GENERAL

Only About One Thousand Men Quit Work.

FIFTEEN THOUSAND PREDICTED.

The Walking Delegate Claims That the Men Were Not Called Out, but the Contractors Say That There Is No Sympathy For the Strikers—The Fight Will Be Continued.

NEW YORK, Feb. 22.—Both sides, the contractors and the workers, in the strike of the building trades spent all day in maneuvering for position. Only about 1,000 men quit work instead of the 15,000 predicted by walking delegates on the previous day, but the latter gave as a reason that they had not been called out.

The contractors claim that it was because the men in other unions were not directly interested in the fight between the electrical contractors and their employees, and that it was only with the greatest difficulty that the leaders could induce them to stop work.

A special meeting of the Electrical Contractors' association decided to continue the fight against the striking workers. Notices that men had walked out on several jobs were received, as the contractors had refused to accede to their demands.

SHOT HIS WIFE AND HIMSELF.

Crime of a Discharged Soldier From the United States Army.

OMAHA, Feb. 22.—At 6 o'clock yesterday evening John Matthews, a discharged private of Company B, Second United States infantry, shot his wife, Anna, afterwards himself. He died in 45 minutes. His wife will live.

Matthews and his wife were quarreling, and when Mrs. Matthews started to leave, he pulled a revolver and fired two shots at her. The first ball passed through her right hand and the second struck her just above the right eye. He then attempted to escape, but finding the house surrounded by officers and citizens, turned his revolver on himself.

How It Goes in Iron.

CLEVELAND, Feb. 22.—The Iron Trade Review this week says: With no strongly marked tendency as to prices, the iron trade is nearing the season that is expected to tell more plainly than has been indicated thus far, what sort of a year 1895 is to be. The signs of promise have been accompanied by much that is not so hopeful. Rail buying has not been of the volume the steel companies had looked for, and the 150,000 tons placed in January would be more satisfactory if it were not that on some of the buyers are not bound to specify in '95.

Disastrous Hotel Venture.

TOLEDO, Feb. 22.—J. K. Tillotson's disastrous venture, the Hotel Victory at Put-in-Bay, O., was sold in federal court here yesterday to reimburse creditors. Four years ago the hotel cost \$275,000; yesterday it brought \$17,000. E. O. Fallis & Company, the architects, securing it. The Phoenix Furniture company of Grand Rapids bid in the furniture, which originally cost \$79,000, at \$7,000.

The city never before enjoyed such a social sensation.

Mines Working Full Force.

SALINEVILLE, O., Feb. 22.—For the first time in 10 years every coal mine in the Salineville district is working with a full force of men. The mines have a capacity of over 100 cars per day. Indications also point to the early resumption of work at the Salineville furnace.

One hundred and twenty-five thousand tons have been cut and stored in the houses opposite this city and 2,000 carloads have been shipped to other points. In addition there are immense quantities at Lockhaven, Louisiana, Hannibal, Quincy, Peru, Beardstown and other places along the Mississippi. All dealers here have their houses full. Gentry, in Philadelphia, on Sunday last, were held yesterday in the Universalist Church of the Eternal Hope. The Rev. Edwin C. Bolles, pastor of the church, officiated. The church was crowded to the doors with curious persons, who wished to see the body of the dead girl. Dr. Bolles preached a touching sermon, and did not allude to the girl's slayer. The body was interred in Woodlawn cemetery.

Shakespeare Wants His Pension.

WASHINGTON, Feb. 22.—William Shakespeare of Kalamazoo, Mich., has applied to the district supreme court for a writ of mandamus against Commissioner of Pensions Lochren, to compel the restoration of his pension from \$30 to \$72. Shakespeare was paralyzed in both legs, with necrosis of the left leg, as a result of the battle before Jackson, Miss., and Secretary Noble granted him a pension of \$72, a rating reduced to \$30 last autumn. The petitioner claims that the commissioner's action was illegal and unconstitutional.

Diamond Thief Captured.

NEW YORK, Feb. 22.—A man apparently 55 years old, who refused to give his name, took a package containing diamonds valued at \$10,000 from the establishment of M. Fox & Company, importers of gems, on the second floor of 1 Maiden Lane at 1:15 o'clock Thursday afternoon and was arrested five minutes later. On his person were found two packages of gems, only one of which, however, was identified as belonging to Fox & Company.

FORT SMITH, Ark., Feb. 22.—Crawford Goldsby, alias Cherokee Bill, was convicted yesterday of robbing the post-office at Watova and Donaldson's store, at the same place, Oct. 22 last. There were four men in the party, only one of whom was masked, thought to have been Jim French. This makes five convictions against Cherokee Bill and several robbery indictments pending. His murder trial goes over.

Fought in the Mexican War.

He was one of eighty-first who took the Mexican fort at Alamo against 250 Mexicans after a three-days' fight. In this engagement only eight of his party escaped alive. The rest were butchered.

From the Age.

NEW YORK, Feb. 22.—The Iron Age says: In spite of the continued low prices of iron and steel products, a more hopeful feeling is spreading among eastern manufacturers. This is due principally to the fact that costs have been steadily crowded down until now makers feel that they are partly safe in their own territory. This applies to pig iron as well as to steel.

APPLETON, Wis., Feb. 22.—The largest state convention of Epworth leagues in the history of the organization in this state opened here Thursday with a large attendance of delegates from all parts of the state. Texas Running to Oats.

DALLAS, Feb. 22.—North Texas is putting in the biggest crop of oats ever known in the history of the state. The January and February snows and ice left the ground in a pulverized condition and since the sun has come out thousands of plows have been put to work preparing the land for oats. On account of the long dry spell in the fall and early winter the wheat crop suffered.

VOTING FOR SENATOR

Three States Have Not Made Their Selections.

OREGON, IDAHO AND DELAWARE.

Some Fears That They Will Be Left Without a Representative in the Upper House of Congress Unless Action Is Soon Taken. Sine Die Adjournment Approaching in Oregon and Idaho.

WASHINGTON, Feb. 22.—Interest in the contests over the election of senators in the states of Oregon, Idaho and Delaware was revived in the senate yesterday by the circulation of a telegram received by Senator Mitchell of Oregon, stating that the legislature of that state would adjourn Saturday, but the apprehension which this part of the telegram aroused among Republican senators was somewhat allayed by the assurance which added that an election would occur before adjournment.

The information which this dispatch brought led to the inquiry as to the outlook for adjournment in Idaho and the prospect of an election there. Senator Dubois was able to state that the session would close March 7, but he could furnish no information as to the prospect of an election.

There is no limit to the term of the Delaware legislature. There has been a slight renewal of the talk of having the Republican members combine in some recommendation to the legislatures of these various states as to the necessity of making a senatorial choice before adjournment, but the same objection has been made to such action at this time, that was made when the project was first agitated, and it does not appear that anything will be done.

GROWING CRITICAL IN OREGON.

The Contest Undecided and the Legislature About to Adjourn.

SALEM, Or., Feb. 22.—The Oregon legislature will adjourn sine die tomorrow at 7 o'clock. This was decided on by the passage of a resolution in both houses, fixing the time of adjournment. The contest for United States senator is the all-absorbing topic. Yesterday Dolph lost two votes, and many predict his support will soon go to pieces.

The opposition to Dolph has centered in George B. Williams, ex-United States attorney general, who has 29 votes. The situation seems to point to the selection of Williams, as he is believed to be the second choice of the Dolph men. Those who bolted the caucus nominee undoubtedly favor Governor Lord as a first choice, but without the support of a number of Dolph men it would be impossible to elect, unless the Democrats and Populists take a hand, and this is not likely to occur.

Undecided in Idaho.

BOISE CITY, Feb. 22.—The house yesterday, with but five dissenting votes, passed a memorial to congress in favor of the election of senators by a direct vote of the people. There was one pair only, and the vote for United States senator resulted: Shoup, 19; Sweet, 19; Claggett, 15. There is much nervousness here. A Populist caucus has been called to consider the senatorial matter. The situation appears to be that if Sweet can not be elected by the Populists enough of his men will leave him to elect Shoup. It may be stated with absolute confidence that a senator will soon be elected.

One Ballot in Delaware.

DOVER, Del., Feb. 22.—But one ballot was taken in the United States senatorial fight yesterday. It resulted as follows: Higgins, Republican, 9; Adicks, Republican, 6; Massey, Republican, 3; Wolcott, Democrat, 9; Bayard, Democrat, 1; Tunnell, Democrat, 1.

MISSION TO MEXICO.

A Pointer From the White House That Senator Ransom Will Be Selected.

WASHINGTON, Feb. 22.—A tip comes from the White House that Senator Mat Ransom is to be appointed to succeed Isaac Pusey Gray as minister to Mexico. President Cleveland, it is said, has so informed one of the senators.

Senator Ransom's term expires March 4, and his Democratic colleagues almost as a body, recommend his appointment to the Mexican mission. The office pays \$17,500 in United States coin, equal to double that amount in Mexican money, and is one of the most lucrative positions in the diplomatic service. The nomination is expected within a few days.

It will sidetrack Mr. Shanklin, the Indiana editor, who has been endorsed by the hoosier delegation.

Gone After the Outlaws.

GUTHRIE, O. T., Feb. 22.—A large force of deputy United States marshals have left for the town of Ingalls on the border of the Indian country, 50 miles east, having definite information that Bill Doolin and half a dozen other outlaws were in hiding there. They went determined to have a battle and capture or kill the outlaws, and if successful the last remnant of all the notorious outlaw gangs will be exterminated from the two territories.

FRIDAY, FEBRUARY 22, 1895.

Fair weather cooler.

JUDGE PERKINS, of Cincinnati, and Judge Roger A. Pryor, of New York, announce that no man who, during five years of residence in the land of the free, has failed to learn the ordinary speech of the language need apply to them for citizenship rights. They are right.

HON. JNO. D. HARRIS, of Madison County, is in great luck. At least the Carlisle Mercury thinks so. Hon. C. M. Clay, Jr., Mr. Harris' son-in-law, is a candidate for the Democratic nomination for Governor, while Captain Sam. Stone, another son-in-law, is a candidate for the Republican nomination for Auditor. Now suppose they both get left. Will Mr. Harris be in great luck, or bad luck?

The general impression is that Wallace M. Shelby will succeed his father as Collector of this district, although a dispatch from Lexington says there will be a scramble for the place. The special says: "Among the Owens men who would like to have this soft position are Colonel J. Walter Peak, Colonel T. Logan Hocker, Mr. Willa Viley, Captain B. J. Treacy and William Remington. Senator Lindsay is known to be championing the cause of J. R. Bascom, of Sharpsburg, while Senator Blackburn is pushing the claims of Judge Apperson, of Mt. Sterling."

WITNESS FEES, ETC.

Their Cost Should be Paid by the Counties and Not by the State. A Needed Reform.

[Courier-Journal.]

The present system, which imposes on the State the duty of paying out thousands of dollars annually in witness fees, records books and other expenses for pauper counties is partly responsible for the present condition of the State Treasury. A few figures presented by the Covington Commonwealth should be conclusive on this point. "During the two years embraced in the report of Auditor Norman on the fiscal year beginning July 1, 1892, and ending June 30, 1893," says the Commonwealth, "Kenton County paid into the Treasury a net revenue of \$60,648.40. She reported five pauper idiots; witness fees, \$307.12; equity cases instituted, 258; ordinary, 187; mortgages recorded, 1,828; deeds recorded, 1,361, and her bill for record books was \$852.70. During the period embraced in the report of the Auditor the county of Breathitt drew out of the Treasury \$15,630.54 in excess of the amount she paid in. She reported twenty-one pauper idiots, 233 deeds recorded, fifty-seven mortgages, and she drew out for witness fees \$3,100.64. The county of Perry drew out \$9,926.50 in excess of the revenue she paid in. She recorded 103 deeds, thirty-seven mortgages; there were thirty-nine equity suits instituted and twelve ordinary; her bill for record books amounted to \$1,147.85, \$600 in excess of the county of Kenton, yet she had an insignificant equity and common law docket and only 140 deeds and mortgages combined, against 445 suits and 3,189 deeds and mortgages in Kenton.

"The county of Knott drew out \$18,493.57 in excess of the revenue paid in. She had forty-two deeds and seven mortgages, three equity suits and two ordinary actions. In all fifty-four records, yet her bill for record books paid by the State from the revenue of the solvent counties amounted to the preposterous sum of \$703.15, only \$149.55 less than Kenton, with 3,634 items for record. And Knott County drew out of the State Treasury, from the amount paid in by the solvent counties, the sum of \$6,187 for witness fees. That item needs no comment. Clay County drew out of the Treasury \$20,336.08 in excess of the revenue she paid in. She had 188 deeds and forty-six mortgages to record. There were seventy-four suits in equity and fifty-seven actions at law. Yet her record books cost the State, from the money paid in by the solvent counties, \$667.35, and for witness fees from the same source the sum of \$3,517. The four pauper counties drew out together in excess of the revenue they paid in, the sum of \$64,386.69, absorbing more than the net revenue paid into the Treasury by the county of Kenton. The total population of the four counties will not exceed 25,000, while the population of Kenton County exceeds 75,000."

There is such a thing as snowbound, but it is not often one becomes sledbound. This happened to some of Olivet's teams in Maysville last week.

Olivet has presented the appearance this winter, commercially speaking, of the man who was struck in the face with a stocking full of sand. Dullness is no name for it.

Farmers, don't forget this promise to be a blooming crop year. Have your fencing fixed, tools in good shape &c. The long hoped for good times will be along on schedule time.

The appearance of small-pox in some sections of the State and the coming vote on the license question furnish fresh subjects for the average gossip since the weather has been worn threadbare.

Tony, the youngest son of W. F. Harber, was thrown from a horse Monday and had his left arm badly broken. Dr. J. E. Wells rendered the necessary medical attention and the patient is resting as well as could be expected under the circumstances.

The hard times and inclement weather have no discouraging effect on Tom Woodward. Besides his machine agency, he is now canvassing for a patent dish washer, and between times acts as devil at the Tribune-Democrat office.

Tom's a boy that is a boy.

Monday was County Court and a large crowd in town. Several stock buyers from Bourbon and Harrison were here, but very little stock was on the market. There was the usual number of horse-swappers and plug horses, the latter showing too plainly the effects of the excessive bad winter. In all there were probably a half dozen of the boys noticeably under the "influence."

The fire engine was brought out Tuesday and a quantity of water was pumped into the new cistern on South Main street. Strange as it may appear, this cistern, which was thought to be "tight as a jug," contained about two feet of water. Conjecture is rife as to where this water came from. The most plausible theory is that a leak has sprung somewhere; if not there, then at some other place.

Brief mention was made a few days ago of the death, in Bourbon County, of the infant son of Charles F. Abbott. Since then we received a message announcing the death of Mr. Abbott's wife. Our faithful friend has our warmest sympathy in the peculiarly sad bereavement that

During the cold weather last week a stranger stopped at Lloyd Monson's in Flat Woods and, representing that he was a cousin of Pete Myers, asked for lodging for the night, saying he was getting feeble and intended making his future home with Pete. Lloyd showed him every attention and furnished him a comfortable feather-bed on which to rest his weary bones. Sometime during the night the stranger complained of being cold, and dressing himself stretched out before the huge log fire. Dropping off to sleep, he failed to notice the popping coals one of which imbedded itself in his trousers and started a smouldering fire. Awakening after a while, he again sought the feather-bed, but it was not long until a small conflagration burst forth and there was a scramble to smother the flames. In addition to the trousers, the bed was badly damaged. Next morning the stranger resumed his journey, but to the surprise of his host took an entirely different course than the one leading to Olivet. Lloyd feels that he has been badly "hobbed," while cousin Pete avers by the eternal that he has no relatives of peripatetic propensities.

BIG RAISE PROBABLE.

The State Board of Equalization Finds That Property is Assessed Too Low.

FRANKFORT, Ky., February 20.—It became known here to-night that the State Board of Equalization, now in session in this city, was contemplating a decided increase of the valuation put on property by the County Assessors.

When asked about it a member of the board said: "Yes, we will have to make a very considerable increase in the assessments of nearly all the counties. We will do this not because of the present deficit in the State Treasury, but because the law and our duty compel us. The Constitution requires property to be assessed for taxation at its fair cash value. Taking the transfer prices of the property now before the board and reducing it one-fifth, so as to reach the required 80 per cent basis, we find in many cases that it is still assessed too low or away below 80 per cent of its fair cash value."

All the counties have not reported yet, but it is safe to say that an increase of several millions dollars will be made and a decided increase in the revenue will result. Nothing definite has been done as yet.

FREDERICK DOUGLASS' REMAINS.

Arrangements For the Funeral Are Almost Completed.

WASHINGTON, Feb. 22.—Arrangements for the funeral of Frederick Douglass are almost complete, and they contemplate the final interment of the body in Mount Hope cemetery, Rochester, early next week, probably on Tuesday, but this has not yet been definitely settled.

Funeral services will be held here on Monday next at 2 o'clock at the Metropolitan African Methodist Episcopal church, Dr. J. T. Janitor pastor, assisted by Dr. J. E. Rankin of Howard university and others conducting the exercises.

As a great many persons will desire to view the remains they will lie in state in the church for several hours preceding the funeral. During the evening the body will be taken to the Pennsylvania railroad station and thence to Rochester. The pallbearers, of whom there will probably be 16, have only been partially selected. Those chosen include Hon. B. K. Bruce, Hon. H. A. Wormley, Hon. J. R. Lynch and John F. Cook.

Many callers made the journey to Anacostia Heights to tender their condolences to the bereaved family.

Caught Stealing and Shot Himself.

SAN FRANCISCO, Feb. 22.—Harry C. Stillwell, a young clerk in the employ of the Bank of California, shot himself through the heart yesterday. He had been caught in the act of abstracting a \$50 treasury note out of a bundle of notes in the bank. He was discharged and then took his life. His was the old story of a young man with expensive habits and a small salary with which to indulge them. Stillwell belonged to a prominent family here.

PLUMVILLE, PLEASANT RIDGE.

Comments of Superintendent Blatterman on the Public Schools at These Places.

PLEASANT RIDGE, DISTRICT NO. 33.

Trustees—S. H. Mastin, H. Walker, J. A. Humphreys. Teacher, Miss Martha Mastin. Attendance, twenty-one—the largest I ever found in the school. Miss Mastin is a graduate of Danville (Ill.) Normal School, and is well trained. She governs her school well, and recitations by several classes were quite satisfactory. The school house has been condemned so often that it is stiff-necked and indifferent. There has been year after year a disintegration going on. The house is in poor condition; fence all gone; no proper desks nor charts; no coal house. If some improvement is not made soon, the grand jury will have to make investigation.

PLUMVILLE, SCHOOL DISTRICT NO. 45.

Trustees—N. B. Rogers, A. J. Yancey, John L. Bean. A great improvement since I visited this school before. They have a good building and it has been much improved during the summer. These trustees are doing good work. Teacher, Miss Maggie Bean, and a very efficient one. The attendance was forty-five, which was remarkably good. House well equipped—new desks, charts, maps, globe, etc. Everything was progressing encouragingly.

CORINTH, SCHOOL DISTRICT NO. 5.

This school is a mile south from Lowell, now known as Kennard Postoffice, and on the line leading to Shannon. The trustees are Sam. Craft, Thos. Hitt and J. T. Kennedy—a very excellent board. Teacher, M. W. Durham. Everything was satisfactory. Full set of charts, globe, etc. Valuable improvements are in contemplation, and I expect to find at my next visit the grounds laid off properly and a good fence surrounding, as the trustees have had a survey of the school grounds made recently with a view to these improvements.

G. W. BLATTERMAN, Supt.

Former Railroad Man Takes Poison.

OMAHA, Feb. 22.—John A. Walters, formerly claim agent of the Pennsylvania railroad, with headquarters at Pittsburg, but recently with the Burlington road, died from the effects of a dose of laudanum taken with suicidal intent. He left a note bequeathing his body to the medical college.

Burned to Death.

BLOOMINGTON, Ind., Feb. 22.—Eliza Gentry, the grandmother of Professor Henry Gentry, the dog and pony showman, was burned to death while in a house alone. She was 95 years old and the oldest woman in Monroe county.

Two Miners Instantly Killed.

A Good One on Keller.

[Frankfort Capital.]

They say that down at the Louisville meeting of the Democratic State Committee the other day Green Keller sat down to write out his resignation, because he is a candidate for Railroad Commissioner. He wrote, rewrote and tore up a half dozen resignations, and finally exclaimed "I don't know how to write it, I never resigned any thing in my life."

Bob Taylor and Jim Stone were looking on. Taylor said: "Oh just say: 'I resign, I don't want it, there's nothing in it.'"
